

Our name means bringer of light in IsiZulu. The name serves to remind us of our purpose to bring light, warmth and hope to the patients and communities we serve.

Most importantly we provide a place of care where our patients find their own light.

WHAT ROLE DO WE PLAY IN SOUTH AFRICA?

We exist to partner with government to help serve the needs of the most vulnerable of our nation. We serve our patients and their communities by providing **VALUE-BASED, QUALITY, COMPASSIONATE** healthcare. **DIGNITY AND RESPECT** are at the core of our value system.
